

AP United States History Summer Work

Greetings! I am Andy Woodard and will be the AP United States History this upcoming school year at Bulloch Academy. You will need to purchase the 16th edition of *The American Pageant* by Kennedy, Cohen, and Bailey. Copies are available in the main office (\$100), amazon or with other book sellers. Since you will have purchased your own copy, you are encouraged to highlight and write in the margins as much as you find beneficial. More strategies for reading and working with the textbook will be discussed on our first day of class.

This summer you will need to read and explain the key people, places, and events in the first three chapters of your textbook. The key people, places, and events for each chapter will be provided on the attached pages. Each explanation should be at least one full sentence. These explanations should be hand written. Students are also responsible for reading the first three chapters of the textbook. You will be responsible for knowing the material in these chapters, and we will have an assessment of the content on our first days of class. This means our first assessment will be over material that students had read and studied over the summer. The material for class is cumulative, so you will be expected to know this material over the course of the year.

There will be a letter grade deduction for every day that a current event is **LATE**.

If you have any questions or concerns please do not hesitate to email me at **awoodard@bullochacademy.com**.
